EXPERIENCE (Intership)

💼 **Java Web Development at INFOX TECHNOLOGIES**
July 20, 2019 - July 25, 2019 , Kochi, Kerala, India
It was a 5-day internship program where I was trained in Java Web development. During the internship program, studied fundamentals related to Java web development and also gained knowledge in designing a framework of web pages.

💼 **IOT Using Arduino at Tech Trunk**
Feb. 14, 2019 - Feb. 16, 2019 , Thrissur, Kerala, India
During the 3-day internship program, I was able to understand the various technologies related to the Internet of things and its future scope. During the training session, gained more knowledge in programming in Arduino UNO and also worked on a simple project to sense temperature and humidity.

PROJECTS

📖 **Women Safety Application**
December 2020 - June 2021
Team Lead, Team Size: 4 Member(s)
The application we developed is based on Android. The purpose of this application is to provide maximum security to women. Since women are facing violence nowadays the application could become very useful. This app is very user-friendly and can be used very easily due to its attractive user interface.
